

BIOPSY
Discharge Instructions

1. You may not drive a motor vehicle today. Someone must drive you home following your biopsy. You may resume driving tomorrow.
2. You will need someone responsible to stay with you tonight.
3. for today, rest quietly either in a chair, on the sofa, or in bed. You may rest in the position most comfortable for you. Tomorrow, you may return to your normal activities.
4. For today, you need to rest and only get up to eat your meals and use the bathroom.
5. You may resume your usual diet.
6. Take your regular medications, unless we have directed you not to.
7. If you should develop any problems such as severe pain, or swelling at the biopsy site, nausea, vomiting, shortness of breath, or elevated temperature, notify the Radiology Department where you received treatment.
